

Project Steering Committee

Agenda

WORK SESSION #3 – October 11, 2012

Objective: Review and validate the potential recommendations for all transportation modes. Participants will have the opportunity to provide feedback on potential recommendations and discuss adding, removing, or modifying projects. Discuss the potential prioritization criteria for each recommendation type.

1. Project Status Update
2. Discussion: Potential Recommendations
 - Roadway Infrastructure
 - Intersection Safety
 - Incident Management
 - Bicycle and Pedestrian
 - Transit
 - Freight
3. Discussion: Project Prioritization
4. Next Steps
