MAP-21 was enacted July 6, 2012, as Public Law 112-141 authorizing the federal surface transportation programs for highways, highway safety and transit for the 2-year period of 2013 and 2014.

The 2014-2017 TIP for the Huntington WV-KY-OH Urbanized Area (Cabell and Wayne Counties in West Virginia and Lawrence County, Ohio) and the 2013-2017 TIP for the Ashland Area (Boyd and Greenup counties, Kentucky) includes priority projects and programs for which implementation is anticipated in the next four fiscal years (FY 2014, FY 2015, FY 2016 and FY 2017) and the 2040 MTP includes a long-term outlook through year 2040. More specifically, the TIP describes all highways and transit (both capital and operating) maintenance and new capacity; and bicycle and other transportation projects for which federal funding is anticipated and provides a financial plan for implementation. The MTP describes all anticipated long-range projects. The TIP also includes estimates of available Federal Transit Administration (FTA) funds for vans to serve the elderly and handicapped. Furthermore, the TIPs will satisfy the Program of Projects (POP) requirements of the Federal Transit Administration.
