

KYOVA Interstate Planning Commission 2050 MTP Online Open House and Public Meeting

The KYOVA Interstate Planning Commission (KYOVA) is preparing an updated multimodal Metropolitan Transportation Plan (MTP). This plan will cover Cabell and Wayne Counties in West Virginia, Boyd and Greenup Counties in Kentucky, and the urbanized area in Lawrence County, Ohio. The MTP will identify recommended improvements to the region's transportation system through the year 2050. KYOVA is seeking public input regarding preliminary project and planning strategy recommendations and prioritization.

In an effort to reach as many people as possible, KYOVA will host both an on-demand online public open house and a live online public meeting. Information about how to join the open house and the live meeting is provided below.
