

KYOVA INTERSTATE PLANNING COMMISSION

Congestion Mitigation and Air Quality (CMAQ) Improvement Program Application – Lawrence County, Ohio

KYOVA's Congestion Mitigation and Air Quality (CMAQ) Improvement Program Application applies to eligible agencies within the urbanized boundary of Lawrence County, Ohio. West Virginia and Kentucky agencies interested in CMAQ projects must apply directly to their respective state Department of Transportation Offices. Non-Ohio applicants please contact KYOVA for more information.

APPLICATION INSTRUCTIONS

When completing the application, applicants shall follow these guidelines:

- Complete the application in its entirety submit application postmarked on or before advertised deadline.
- Project description should give a clear, concise and detailed representation of the project specifics including project termini (i.e. beginning and ending points) referencing on which side of the street/roadway work will occur, etc.
- Do not use "see attached" as an answer to any question in the application. If you require more space please continue on an attached separate 8 ½ x 11-inch sheet of paper with the Heading and Section Name/Question at top of each page.

Mail applications to: Christopher M. Chiles, Executive Director
KYVOA Interstate Planning Commission
400 Third Avenue
Huntington, WV 25701

FY 2017 Application Dates

	Round 3	Round 4*
Application Dates	August 15, 2016 through October 31, 2016	February 6, 2017 through April 28, 2017
Intent to Apply Deadline	August 31, 2016	March 17, 2017
Workshop	September 1, 2016	To Be Determined
Application Deadline	October 31, 2016	April 28, 2016

*Round 4 will occur following Round 3 project selection and only if funding is available by each state's federally predetermined suballocated allowance.

REQUIRED ATTACHMENTS FOR APPLICATION

Attachment A – Location Map(s) or Proposed Site(s)

- An 8 1/2 "x 11" location map identifying the site in proximity to federal, state or local highways. An aerial map is preferred.
- If the project involves acquiring real-property interest, include:
 - Current ownership of the property.
 - Plat or property sketch.
 - Type of title being acquired.
 - Parent tract if it is a partial acquisition.
 - Identification of any improvements.
 - Size of tract or size or area acquired.

Attachment B – Detailed Engineer's Estimate

An engineer's estimate must be included with the application. The estimate will be used to assess the project cost.

KYOVA INTERSTATE PLANNING COMMISSION

Congestion Mitigation and Air Quality (CMAQ) Improvement Program Application – Lawrence County, Ohio

Attachment C – Resolution and/or Letter of Match Commitment

A 20% match is required for all CMAQ projects. A Resolution and/or signed letter of commitment from the signature authority (Judge/Executive, Mayor, etc.) committing the match and approval to apply for this project must be included with the application. Please keep in mind there is extensive documentation required when using in-kind match and the project sponsor will be required to provide this as part of the reimbursement process. If cash will be used for match, the letter should indicate that the Local Public Agency (LPA) has the funds available to use as soon as the project is approved to commence.

CMAQ – LAWRENCE COUNTY APPLICATION INSTRUCTIONS

SECTION 1: GENERAL INFORMATION

SECTION 1 requests applicant's contact information. The applicant's contact person is who will be contacted during and after the application process. It is the applicant's responsibility to contact KYOVA and/or Ohio Department of Transportation (ODOT) due to a change.

SECTION 2: KYOVA PLANNING DOCUMENTS (4 points possible)

Is the project already in KYOVA's Metropolitan Transportation Plan (MTP) or Transportation Improvement Program (TIP)? Please include this information in the spaces provided.

SECTION 3: PROJECT CATEGORY

Please select the correct Project Category which your project best fits.

SECTION 4: PROJECT DESCRIPTION (25 points possible)

Provide a thorough description of the project as it is worth 20 percent (20 points). If the project is a non-infrastructure project (non-construction) include all items for requested for funding. Infrastructure improvements (construction) projects provide detailed location (milepoints, roadway identifiers, length of project, type of improvement, if it is a state maintained roadway, etc. A statement on how the applicant will maintain the project for public use or continue a non-construction project is also required.

SECTION 5: PROJECT FINANCIALS (9 points possible)

Section 5 requests the project's financial information. Complete the funding projections for each phase and provide the Local Public Agency's (LPA) matching source and amount.

SECTION 6: FUTURE FUNDING (7 points possible)

Section 6 requests information pertaining to what, if any, is the source of funding to continue this project and/or to maintain it.

SECTION 7: ENVIRONMENTAL AND CULTURAL/HISTORIC RESOURCES (35 points possible)

Section 7 addresses the environmental and cultural/historic resources associated with the project. Please complete all areas of this section to the best of your abilities to ensure the project's evaluation is scored correctly.

SECTION 8: Emission Reductions (20 points possible)

Section 8 requests the applicant to provide the analysis of the emission reductions in VOC, CO, NOx, PM₁₀, and PM_{2.5}. Please complete this section to the best of your abilities to ensure the project's emission reduction is scored correctly.
