

REQUEST FOR QUALIFICATIONS
KYOVA Interstate Planning Commission
US 52/SR 93 Storms Creek Accessibility Study
August 22, 2025

OVERVIEW

The KYOVA Interstate Planning Commission is seeking a qualified consulting firm using one contract to develop a US 52/SR 93 Storms Creek Accessibility Study in Lawrence County, OH. The Consultant is expected to select a team with the expertise and experience to successfully develop a feasibility study to evaluate traffic mobility and accessibility for a proposed new roadway in Ironton, OH to connect potential new development near Storms Creek to US 52 and SR 93.

The Consultant will refine the scope of services and develop a project milestone schedule based on review and discussion with the KYOVA Interstate Planning Commission and stakeholders from Lawrence County and ODOT District 9. A Steering Committee will be formed to include the Lawrence County, ODOT District 9, Ironton, OH and KYOVA staff. The Consultant must be available to meet with the Steering Committee periodically for updates and input. The Consultant will provide written and oral communications, as requested, to KYOVA, and the other stakeholders to communicate the findings of the studies.

KYOVA desires to accomplish the work activities mentioned above using a single contract with one (1) qualified consulting firm. Use of subcontractors and independent contractors is encouraged if the Consultant does not possess adequate expertise to complete one or more of these tasks. Procurement of said services shall be made in accordance with Chapter 5G-1-3 of the West Virginia State Code and other applicable state codes. Contracts are to be awarded on a lump sum/fixed fee basis.

PROPOSED SCOPE OF SERVICES

The following represents the scope of services but is not limited to this for the US 52/SR 93 Storms Creek Accessibility Study that KYOVA Interstate Planning Commission will be undertaking during FY 2026. The Consultant selected to complete the contract must assure KYOVA that the final scope of services meets all current planning requirements. Any areas that go beyond this outlined scope of services should be identified and brought to KYOVA's attention.

The purpose of this study is to evaluate and address the need for a proposed new roadway to connect US 52 and SR 93 to new development in the Storms Creek area. The consultant will be expected to conduct a traffic analysis and develop alternatives. Cost estimates for design and construction of the proposed improvements should be included in the final document. The study will provide recommendations and guidance for implementing strategies to develop the proposed improvements.

Tasks may include but are not limited to:

- Developing and comparing alternatives for the proposed new roadway
- Developing a purpose and need statement

- Assessing existing and proposed development related to the study area
- Conduct comprehensive traffic analysis

The consultant will produce a final US 52/SR 93 Storms Creek Accessibility Study and Executive Summary and will provide KYOVA with data developed as part of the study. Tasks throughout the project will include public and stakeholder meetings and presentations for the KYOVA TAC and Policy meetings.

PROJECT MANAGEMENT AND ADMINISTRATION

The Consultant will develop a schedule of activities that includes the team members, milestones, and deliverables. It is also requested that the Consultant prepare a regular progress report describing project efforts, current issues and the milestone and activities. Telephone conference calls will be required on a regular basis to provide KYOVA staff with status updates of the project. Other avenues of communication from the Consultant may include: email, telephone calls, and face-to-face meetings with KYOVA staff, and others involved in the project.

PROJECT SCHEDULE:

The activities shall be completed on or before June 30, 2026.

Huntington Southside Traffic Study Activity Schedule	Due Date
Advertisement for Consultant Services	August 22, 2025
Submission Deadline by Consultants	September 12, 2025
Complete Review Period of Qualifications	September 26, 2025

Award Contract	October 30, 2025
Project Complete	June 30, 2026

PLEASE NOTE: This schedule is not to be considered a legal contract and may change at KYOVA's discretion.

CONSULTANT QUALIFICATIONS:

The Consultant must possess the following but not be limited to experience with planning studies addressing safety, mobility, connectivity, and traffic analysis.

Disadvantaged Business Enterprise (DBE) Goal

DBE not required.

Suspended or Debarred Firms

Firms included on the current Federal list of firms suspended or debarred are not eligible for selection.

Selection Procedures and Due Dates

The requirements for the submission that will be used to select the consultant are shown below.

Firms interested in being considered for selection should respond by submitting an electronic copy of your qualifications to ssalameh@kyovaipc.org by 11:59 P.M. on Friday, September 12, 2025. The subject line should read – KYOVA US 52/SR 93 Storms Creek Accessibility Study Proposal – (Name of Firm Applying)

Responses not received by close of business on the response due date will not be considered.

Requirements for Submission

Provide the information requested in the Proposal Content as shown below, in the same order listed along with a letter signed by an officer of the firm. Do not send additional forms, resumes, brochures, or other material. **It must be made clear who the primary point of contact is for your submission, and contact information including phone number, email address, and mailing address for that person must be listed. Failure to include this information will result in your firm not being considered for the project.**

Proposal Content

1. A list of key staff members, including the Project Manager. Include a breakout of project engineers, technicians, and other staff members responsible for the project. Also, indicate the number of each personnel available for assignment to this project.
2. A representative listing of projects similar to the proposed project performed by the firm and cut sheets for comparable projects if they are available.
3. A list of the firm's present workload relative to capacity and availability to provide the requested services.
4. A list of significant subconsultants, their current prequalification categories and the percentage of work to be performed by each. Also, include the key subconsultant staff members to be assigned to the project.
5. The location of the primary office where most of the work will be performed.

All submissions will be evaluated and scored by a selection committee and a final choice will be made. The project information can be viewed on the KYOVA website and an advertisement can be found in the local newspaper – the Herald-Dispatch.

Questions regarding this request should be directed to Chris Chiles, Executive Director or Saleem A. Salameh P.E., Deputy Executive Director/Technical Study Director at 304.523.7434. E-mail requests may be sent to ssalameh@kyovaipc.org
